

LAKE NORMAN REGION NORTH CAROLINA

Message From The Co-Chairmen

Contact Information

The next three years is a critical period in the future of the Lake Norman region. We have the opportunity as individuals and companies to take ownership in growing our local economy by investing in our future. We must have the resources to compete to keep existing industry here in Cornelius, Davidson, and Huntersville and to draw newcomer industries to our three towns.

Lake Norman Regional Economic Development Corporation

Jerry Broadway

Executive Director

Charity Pitman,

Assistant Director

13801 Reese Blvd West

Suite # 200-A

Huntersville, NC 28078

A lack of necessary resources is keeping us from being the kind of strong economic development competitor we must be in the global marketplace. This three-year plan will provide the Lake Norman Regional Economic Development Corporation with the necessary funding to start stimulating economic development, I invite you to step off the pier and come aboard as an investor with Lake Norman Regional EDC. If you're an existing investor, I challenge you to step up your contribution generously to help us steady our course in these economic winds of change. Our community's long-term tax base and economic viability depends on a strong financial commitment here and now from each one of us.

- Craig Norfolk, *ElectriCities*

- Mike Griffin, *Griffin Brothers*
